IDENTIFIERS	Patients Rights

ABSTRACT

Designed as an aid for those wishing to establish pediatric health education resource centers for use by patients and their families, this bibliography lists selected holdings of the Sarah K. Davidson Family-Patient Library, which is located in the Strong Memorial Hospital of the University of Rochester, New York. It is noted that all bibliographic entries have been screened by University of Rochester faculty members for medical accuracy and timeliness. Approximately 550 books, periodicals, reprints, and sources of pamphlets and further information are presented under the following topics: adolescence, advocacy, allergy, asthma, arthritis, autism, birth defects, blood disorders including hematology and sickle cell anemia, the body, burns, cancer, cerebral palsy, child abuse, child development, children's books on health and medical problems, chronic illness, cleft palate, contagious and infectious diseases, cystic fibrosis, death and dying, diabetes, diets and nutrition, Down's syndrome, epilepsy, eye disorders, gastro-intestinal disorders, general handicaps, genetic disorders, hearing and speech, the heart, hospitalization, learning disabilities, mainstreaming, medicine today, mental health, mental retardation, muscular dystrophy, neurological disorders, orthopaedic disorders, physician-patient relationships, reference works, renal disorders, respiratory disorders, scoliosis, spina bifida, sudden infant death syndrome (SIDS), and venereal diseases. (Author/ESR)

ROCHESTER, NEW YORK 14642

The enclosed list of materials has been selected from the Sarah K. Davidson bibilography, as most important for those wishing to implement a similar library. Items available only in the Rochester Area, and community resource information have not been included, but are an integral part of the library.

An attempt has been made to give as complete information as possible. Materials should be ordered directly from the publisher, not through the Sarah K. Davidson Library.

Because pamphlets are quickly out of date or often discontinued, we have chosen to delineate sources from which listings may be obtained, rather than including specific pamphlets. The addresses given are those of national headquarters. Many of these materials can also be obtained from local branches.

The Sarah K. Davidson Library materials are regularly reviewed and updated by faculty to assure that content is current and medically accurate. If you are interested in being informed of future updates, please let us know.
